CHARTER DOUBTFUL ABOUT FUTURE OF ATSC 3.0

As the go-to source for the professional video industry, TV Technology has been at the forefront of change in television. Requiring information on the most relevant topics affecting the rapidly evolving television industry, media technology professionals and corporate managers seek TV Technology's in-depth news analysis and trend reports.
A special, 3x per year print and digital supplement delivered to TV Technology and Broadcast Engineering readers. Featuring sponsored content and lead generation opportunities for advertisers!

Broadcast Engineering’s Applied Technology section was a popular feature with readers and advertisers through the years. It gave leading technology companies the opportunity to engage readers with in-depth engineering commentaries, white papers and tech tips, and to showcase field reports about their products in action.

Now, Broadcast Engineering Extra is delivered to select subscribers of TV Technology, and as a digital e-zine delivered to both TV Technology and Broadcast Engineering readers. Access to the ezine requires registration and all sponsors/advertisers of the supplement will receive lists of readers who download the issue.

Discuss your company’s solutions and product roadmap, put your whitepaper in front of thousands of technical leaders, spotlight a user application or introduce your hot new product by participating in Broadcast Engineering Extra.

60k+
TOTAL DISTRIBUTION
As the very definition of television evolves, TV Technology provides the analysis and insight to help today's media technology professional understand how IP and other next generation platforms impact the Media & Entertainment business.

Our solutions

As the number one media company in the markets it serves, Future US has the editorial expertise, market knowledge, and the high-spending audiences that are the critical pillars for a successful content marketing program.

Targeted B2B Marketing

Leveraging Future's leading brands and market expertise, we deliver responsive audiences. Our advanced data profile capabilities ensure precise segmentation and targeting.

Custom Online Creative Solutions

Sponsored content programs run across our platforms and beyond using paid, owned, and earned media.

Trusted Content

We attract an audience of in-market business decision makers, who engage with and are influenced by our expert editorial content.
PERSONALIZED BRAND EXPERIENCES

- SPONSORED CONTENT
- WEBINARS
- PODCASTS
- SOCIAL MEDIA HUB
- VIDEO
- WHITEPAPERS & EBOOKS
- RESEARCH & SURVEYS

SEE OUR FULL CATALOG OF MARKETING SOLUTIONS
TV Technology bring together the top tier of the industry to address the questions of industry leaders to stay on top of their game. Our summit guests are a combination of VPs of Technology, Presidents, General Management, CFOs, Directors, and other high level executives charged with leading their facilities onto a path of technological and business success.

Topics covered include:

**March 5-6, 2020 | Atlanta**
- The innovative technologies driving how broadcasters acquire, produce, distribute, and project in a multiscreen world
- Preview what’s new at the NAB Show

**September 21-24 | Now virtual!**
- Get updated on the latest developments in cloud and IP
- Discover how these technologies will impact your workflow, competitive position, security, production and management models

**September 29-October 2 | Now virtual!**
- Game-changing technologies for the highest quality newscasts and digital products
- The implementation of news technology production and distribution
It’s an exhilarating time to be involved in this industry. Each year, we recognize the industry leaders at the cutting edge of broadcast & video technology.

Winners gain valuable marketing opportunities by entering our awards programs, including:

- Exposure to Future’s broadcast television & pro video portfolio via print, online, and email
- Recognized as experts & thought leaders by the industry’s leading publications
- Award amplification during the industry’s leading trade show (Best of Show Awards)

The Best of Show awards honor outstanding new products exhibited at the NAB Show. Winners are selected by a panel of engineers and industry experts, and winners are selected based on innovation, feature set, cost efficiency and performance in serving the industry.

TV Technology’s Product Innovation Awards recognizes excellence in new products that serve the TV/pro video industries. Winners are selected by a panel of professional users and evaluation criteria include innovation in concept and design, creative use of technology, price:value, and suitability for use in TV/pro video.

The Technology Leadership Awards honor executives and tech leaders in broadcasting and content production. The Awards are presented at The Technology Leadership Summit.
For the NAB Show and all major industry shows, TV Technology provides readers crucial information that guides their attendance. Our preview newsletters, such as the NAB Sneak Peek & Must See Newsletters, and pre-show webinars give attendees the download on the show, sessions and featured products. During each show, daily newsletters are sent highlighting that day’s news. Following the shows, we recap the most important and impactful stories to come from the conference through ‘Wrap-Up’ newsletters.

MAXIMIZING YOUR NAB SHOW PRESENCE

Our trusted editorial content and high visibility marketing opportunities before, during, and after the NAB Show highlight your brand as a thought leader on the cutting edge of the professional video industry.
